

Shamsi Exports

CORPORATE PROFILE

Shamsi Exports

Pakistan is recognized globally for its high-quality cotton production. As the 4th largest producer and 3rd largest consumer of cotton, textiles remain Pakistan's biggest export industry. We have exclusive access to the top denim mills in Pakistan that provide us with a diverse range of fabrics, from the most basic to the most premium.

Since 2016, we have been manufacturing Denim Garments with a relentless pursuit for excellence, striving to produce better products each year with the best washes. Our primary focus is on maintaining high-quality standards while ensuring fast turnaround times, unparalleled customer service, competitive pricing, and environmental sustainability.

With a production capacity of 25,000-30,000 pieces per month with MOQ at 50 pcs per style and a team of experts with over 20 years of experience in the field of Denim garments, we cater to customers worldwide.

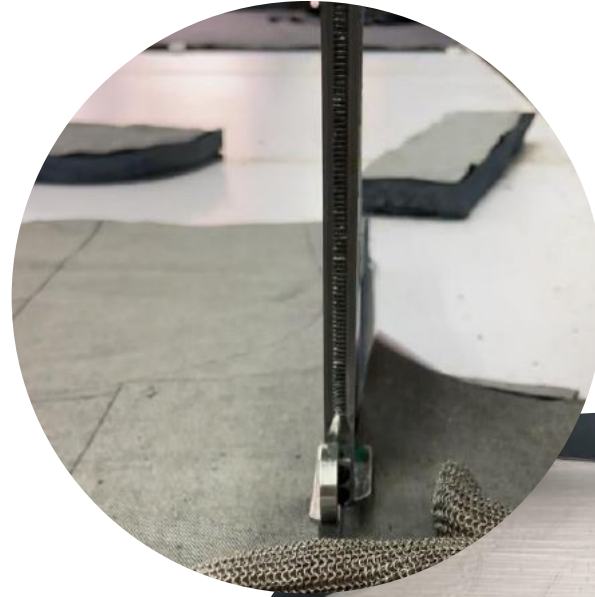

Our range of products includes basic 5 pocket jeans, custom garments, and highly fashionable garments, and we work with renowned brands across the UK, USA, and Europe.

Our Manufacturing Process

CUTTING

we employ both traditional and modern methods. This includes creating a marker directly on the fabric as well as utilizing GGT markers. The decision on which approach to use is based on factors such as the design requirements and the need to optimize time.

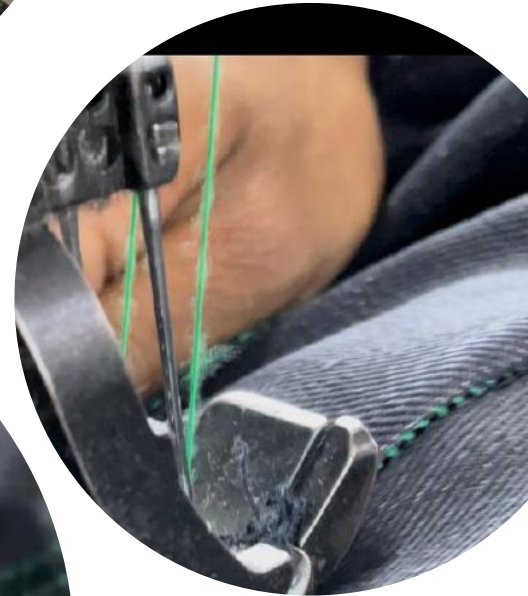

Shamsi Exports

STITCHING

Our stitching machines are all computerized, allowing for not only accurate stitching but also cost-effectiveness through the utilization of minimal power while being operated by our skilled seamstresses.

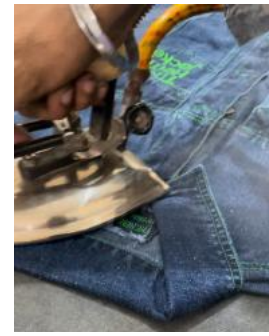

WASHING

We have a comprehensive setup for washing, where we prioritize the use of non-toxic dyes in our washing procedures. Our selection of dyes is exclusively limited to those approved by Oeko-tex standards.

Shamsi Exports

FINISHING

We maintain rigorous quality control checks throughout our production process, with particular emphasis on our finishing department. Our adherence to the AQL 2.5 standard ensures that our customers can rely on us to deliver only the finest quality products. Additionally, we provide both custom and industry-standard packing options to cater to our customers' individual preferences.

Shamsi Exports

Our fabric availability is highly diverse as we have strong connections with numerous denim manufacturing mills throughout Pakistan. This enables us to offer an extensive range of fabrics, ranging from basic day-to-day fabrics to premium high-end options used by some of the top brands worldwide.

Fabrics Include :

- 100% cotton
- Cotton Stretch fabrics (variable options available)

Premium Fabrics :
